Reason for taking Server-Side Programming:

Expectations for this class:

Formal/informal **Computer Classes** and the grade:

Class	Where and When Taken	Grade
-------	----------------------	-------

Intro to Computer Apps

Web Site Development

Beginning Programming

Other Related Classes (Include name, where/when taken, and final grade)

Personal circumstances, if any, which may enhance or hinder your progress in this course (optional)

- **I have received and read the syllabus.**
- **I understand the following:**
 - **My grades will be posted in the password-protected area of MoodleRooms (online.occc.edu) It is my responsibility to check on regular basis. I also understand that I have 1 week from the date the grade is posted to report any errors. After that, all grades will remain as posted.**
 - **The class has an attendance policy. Students must login at least 4 times a week. Failure to do so may result in a one letter grade reduction. (Example: A to a B) If there are extenuating circumstances I will contact my professor.**
 - **Plagiarism is not permitted. This includes copying code from others, the Internet or any other source.**
